

PLATFORM OF THE Independent Home-Rule PARTY.

Adopted in Island Convention in Honolulu, H. I., June 7, 1900.

PREAMBLE.

"We believe that all governments founded on an independent basis should be based on freedom without oppression. We believe in equal rights and freedom for all the people.

"We believe man was born with a right to be independent and that every person is equal in the eyes of the law. We believe that he is endowed with all the privileges of life, liberty and the right to choose that which will contribute to his best advantage. We believe in protection against suppression. We believe that we should strive to secure equal rights for the people, by the people and of the people.

"Equal rights for the people," is the motto adopted in the platform.

"The belief of the independent party is that the successful candidates in the legislature of the Territory of Hawaii should write in every way to secure the consent of the congress of the United States to make a state of the Territory of Hawaii and pledge ourselves to support all good and equal provisions that affect the republican or democratic parties of the United States may see fit to enact.

"We further pledge ourselves to support that political party in the United States that will work to make Hawaii a state.

"We intend to strive in every way possible to secure from the United States benefits and privileges for the natives and other citizens alike who will work together for the good of the country, regardless of color. We also intend to strive toward the end that our representatives shall formulate the best laws for the people.

"Our legislators should strive to obtain homesteads for American citizens of the Territory of Hawaii out of the lands that have been taken over by the United States.

"They should also strive to set aside an appropriation for the payment of just claims or damages by fire, caused by the burning of Chinatown in Honolulu and other places by the board of health in connection with the suppression of bubonic plague in 1890.

"They should further strive to encourage education, industrial permits, farming, road making, railroads and both foreign and local commerce that will redound to the advantage of the country.

"We stand opposed to monopolies, to any attempt at a restriction of the voting privilege of natives or citizens who think as they do, that might be attempted later. We stand opposed to the heavy taxation of the people, the restriction of the jury rights of the natives and to all other restriction of the rights of the people.

"We declare that labor, other than by contract, on government work or other mechanical or industrial, shall not exceed eight hours a day.

"Labor on government contracts or otherwise, either direct or indirect, shall be performed by citizens of the Territory of Hawaii.

"We pledge ourselves to resist the furtherance of trusts in the Territory of Hawaii.

"We are pledged to earnest and unceasing effort to secure for all those persons imprisoned by the martial law rule of 1895 and by sentence of the military commission of 1896 such financial remuneration as is their just due."

The above is the correct PLATFORM OF THE INDEPENDENT HOME RULE PARTY.

AMERICAN BOARD OF FOREIGN MISSIONS

GRATIFYING REPORTS ON THE WORK OF THE PAST YEAR.

Address of the Rev. Mr. Capen at the Opening of the Nineteenth Annual Meeting.

ST. LOUIS, Mo., Oct. 19.—The nineteenth annual meeting of the American Board of Commissioners for Foreign Missions convened this morning in Pilgrimage Congregational Church and will be in session three days. Between two and three hundred corporate members, officers of the American Board and the women's auxiliaries, missionaries from foreign and home fields, as well as prominent ministers and laymen from many Congregational churches, were present.

Samuel R. Capen, L.L.D., of Boston, president of the American Board, said, in part:

"There will be two thoughts constantly before us all through these meetings. The first is that it is the closing year of the century, which will be known in history as the great missionary century. And the second thought will be the fearful story from China. Never before have we held our meetings under such a shadow. We remember noble men and women from our fraternal who wear the martyr's crown; we remember the native Christians who have not hesitated to show their fidelity by shedding their life-blood, and our prayers will go out to those friends whose hearts are bleeding and torn. Nineteen years ago in this city the Shan Si was inaugurated; this year it has been practically exterminated in awful massacre.

"The interest of the press in all these great world movements is one of the most significant things of this generation. And it ought to be noted to the credit of the daily press as well as of the great magazines that as a rule they have understood the great crisis in China. Speedily the great truths came home to them that the Chinese uprising was not chiefly because of the missionaries. They saw that the great reason was the injustice of the great foreign nations in stealing their ports and territory, and the commercial progress which had often selfishly and heartlessly run rough-shod over Chinese traditions and which was depriving laborers in great numbers of their employment. I am not familiar with the facts in the west, but our press in the east has editorially recognized the humanity and unselfishness, at least of most of our missionary efforts. When we hear sweeping criticisms of our press, let us remember there is another side, and the great service they render for humanity and righteousness."

The report of the prudential committee, home department, showed that during the year fifty new missionaries have been sent to their several fields of appointment—eleven men, three of whom are physicians, and twenty-nine ladies, twelve the wives of missionaries and two of them physicians.

The Rev. Walter Frear, general agent, in his report for the Pacific coast agency, said that mission freight was sent by the Aolus, a schooner newly built for the Jaluit Society, and by the Queen of the Isles. Four missionaries were sent to re-open work on Ponape. The missionaries passing to and fro have included forty-four adults, and including children, fifty-six persons.

The report of the treasurer, Frank H. Wiggin of Boston, showed that in expenditures the cost of missions had been \$676,165, the cost of agencies \$17,119, the cost of publications \$9,304, the cost of administration \$29,491; balance for which the board was in debt September 1, 1899, \$88,537; total, \$820,588. Receipts, \$737,957; balance for which the board is in debt August 31, 1900, \$82,631; total, \$820,588.

SAN FRANCISCO WANTS OUR DR. CARMICHAEL

Merchants of Frisco Petition to Have Kinyoun Removed and Carmichael Appointed.

There is an effort being made in San Francisco by the business and shipping firms there to have Dr. Kinyoun removed from the office of quarantine physician and have Dr. Carmichael, now here, take his place.

Ever since Dr. Kinyoun has been in charge of the quarantine in San Francisco there has been a great deal of friction between shippers and his department. His actions, or those of his subordinates, have caused a great deal of inconvenience and trouble to passengers, the steamer companies and the business community of San Francisco. He has been more roundly roasted by the newspapers and general traveling public than any other man who ever held the position he occupies.

On the other hand, Dr. Carmichael has made friends with every one while here, and at the same time he has rigidly enforced all quarantine regulations. He has used good judgment in his efforts to carry out the law, and all the time of the rigid quarantine during the plague there was never a kick regarding the manner in which he handled the vessels and passengers leaving here for American ports. The San Francisco commercial world wants Dr. Carmichael, and a petition backed by the most influential merchants of the city by the Golden Gate are using their best efforts to have him transferred there.

Whether the change, if it does take place, will mean the sending of Dr. Kinyoun here is not known. Dr. Carmichael said yesterday that he had heard of the action of the San Francisco people. He also stated that he did not relish the idea of leaving here, as he likes Honolulu and the people here too much to go away for good.

For sprains, swellings and lumps there is nothing so good as Chamberlain's Pain Balm. Try it. For sale by Benson, Smith & Co., general agents, Territory of Hawaii.
